

## **Nellcor**

Developer of the first pulse oximeter more than 20 years ago, Covidien's Nellcor brand is one of the world's leading suppliers of pulse oximetry, airway and temperature management devices. In addition to its continued dedication to improving the effectiveness of patient care, Nellcor offers customers an exceptional level of service and technical support, complemented by a comprehensive array of clinical education resources.

### **Online Continuing Education**

A variety of free, accredited continuing education courses for registered nurses and respiratory therapists is available through Nellcor's Center for Clinical Excellence website. These self-paced courses are available 24/7 and offer convenient post-testing, plus the ability to earn a Certificate of Completion that may be used to meet or accumulate contact hour requirements for re-licensure.
