

Puritan Bennett

A leading innovator in mechanical ventilation and respiratory care devices for over 50 years, Covidien's Puritan Bennett brand has developed some of the world's most trusted critical care devices, including the 840™ Ventilator System, the 700™ Series Ventilator and the 7200™ Series Ventilators. In addition to an in-depth understanding of the respiratory care issues confronting clinicians each day, Puritan Bennett provides excellent customer service and support, as well as a wealth of educational resources for clinicians.

Online Continuing Education

A variety of free, accredited continuing education courses for registered nurses and respiratory therapists is available through the Puritan Bennett Center for Clinical Excellence website. These self-paced courses are available 24/7 and offer convenient post-testing, plus the ability to earn a Certificate of Completion that may be used to meet or accumulate contact hour requirements for re-licensure.
